5. **Public Works Director Ellis Evans** gave a brief presentation on the proposal from **A.C. Schultes** for the Cypress Street Well. There has been an issue with air getting caught with the well, so he got in contact with our engineers from Florence, who suggested reaching out to the ones who dug the well. A.C. Schultes came and looked at it, pulled the pump, and then ran a camera down and noticed where there was a significant amount of build up on the filters. They provided a quote to clean the filters and put the pump back in to get the well back online. Ellis will ask around and get some quotes before anything is decided. A motion was made by **Councilmember Judy Coker** to grant Ellis permission for this . The motion was then seconded by **Councilmember Mims** and passed unanimously.

6. **Mayor Hicks** stated that the next council meeting in September will be moved to Wednesday September 16th, at 6:30 pm due to a schedule conflict. She also mentioned that an event to honor the life and legacy of artist Anne Worhsam would take place next month in October.

7. There being no further business, **Councilmember Judy Coker** made a motion to adjourn. The motion was then seconded by **Councilmember Mims** and passed by a unanimous vote. The meeting was adjourned at 6:50 pm.

Respectfully submitted,
